 Blog

Construction Products Europe responded to the survey developed by RPA to collect the inputs of the stakeholders on the implementation of the CPR. The answers were based on our [CPR Implementation Report](#). Consultants are now analysing and verifying the information and will draft the first report for the European Commission.

REACH 2018 Roadmap

ECHA has published its REACH 2018 Roadmap, which outlines the Agency's milestones planned in the run up towards the final REACH registration deadline. The last registration deadline for existing chemicals will be on 31 May 2018. The deadline concerns companies that manufacture or import substances in low volumes, between 1-100 tonnes per year. [Read more...](#)

CEN project on chemicals in consumer products

The European Commission has agreed to finance a CEN project entitled "Tailored support – chemicals in product standards". It will be managed by two CEN groups, the Strategic Advisory Body on Environment (SABE) and the ENvironmental Issues in Standardization (ENIS). The kick-off meeting will take place in CCMC on 11 February. [Read more...](#)
